

# International Services and Capabilities

Through our affiliation with Moore Stephens North America – a progressive accounting firm association with more than 40 member firms based in the U.S., Canada, Mexico, and the Caribbean – Doeren Mayhew is on the cutting edge of service offerings designed to meet the growing challenges faced by our clients. We have long been able to pool our complementary skill sets with other like-minded firms that have either industry or technical practice area niche expertise, or both. This ability to house a vast array of service offerings and extensive expertise within an accounting firm association enables Doeren Mayhew to compete with the Big 4 and other large national firms.

Certified Public Accountants and Consultants

## Your Gateway to Vast Resources

Doeren Mayhew has the means to assemble a team of business experts on your behalf in any needed locale. We are your gateway to business and financial knowledge, accounting and audit resources, and tax expertise located within our own firm and across our network of affiliates throughout the world.

Known internationally as Moore Stephens Doeren Mayhew, we belong to a vast network of accounting and consulting firms covering the North American continent and spanning the globe. Moore Stephens affiliates work together to support our clients' activities – wherever they are located.

## Coverage Across North America

Doeren Mayhew has the means to combine its own resources with those of more than 40 other like-minded independent firms that comprise Moore Stephens North America. This network enables Doeren Mayhew to offer its clients access to an extensive pool of technical specialists and industry experts based across the 50 states, Canada, Mexico, and the Caribbean.

## Global Perspective

Worldwide, we are affiliated with the network of independent member firms known as Moore Stephens International Limited (MSIL), one of the largest accounting and consulting networks globally. Drawing on talent from more than 600 MSIL affiliate offices in nearly 100 countries, Doeren Mayhew can coordinate cross-border accounting and consulting assignments that involve extensive country-specific knowledge.

## International Resources and Expertise

- Moore Stephens has nearly 21,000 professional staff located throughout the world
- Expertise in compliance with International Financial Reporting Standards (IFRS)
- Expertise in converting from the foreign country's Generally Accepted Accounting Principles (GAAP) to U.S. GAAP
- Extensive experience in foreign currency translation to U.S. currency-based financial statements
- Expertise in providing companies with guidance on corporate governance issues, including internal control and risk assessments
- Tax compliance requirements pertaining to all aspects of international taxation
